South Africa's professional steam train operator

- REEFSTEAMERS HOLIDAY TRAINS -

THE CHERRY FESTIVAL SPECIAL – 17-20 Nov 2011

Our annual steam-hauled train through the scenic Eastern Free State.

Enjoy a train ride in South Africa's last functioning set of original SAR+H main-line coaches from Germiston through to Ficksburg to participate in their Cherry Festival. (960km round trip) The train is steam-hauled from Bethlehem to Ficksburg and return – so you get to enjoy the spectacular scenery of the Eastern Free State from behind TWO hard working steam locomotives.

You will sleep on board the train, so no hunting for overnight accommodation and having to drive. We'll feed you traditional South African food and we have a licensed bar on board. Once we're at the Ficksburg Festival, you are entirely free to do your own thing. Steam train enthusiasts are welcome to take photos, talk with the crews and watch the locomotives being serviced.
